

Jr. CORE Team Information

2024-2025

Season 9

Who?

Ages 11+ who do not participate in CORE should register for Level 4 classes.

Level 4 students will have the opportunity to [opt in](#) to a Jr. CORE performance group for competitions and performance opportunities.

What?

Jr. CORE is a program designed to bridge the gap between recreational classes and CORE training.

It is our goal to help students advancing to Jr. CORE to feel excited about continuing to grow as dancers, not overwhelmed about increasing their time commitment to dance! Please reach out with any questions or concerns. We are here to support the development of the students we serve.

CORE Overview

Concentration on technique

Opportunities to perform

Respect for tradition

Energy toward the future

Signing up for Jr. CORE includes the following requirements:

Notes :

We look forward to welcoming new and returning students to the Jr. CORE Program and helping them continue to strengthen their dance skills and grow their love of dance!

Taking all genres will ensure the most well-rounded training and progress. The goal of a well-rounded training experience is to provide each student with the ability to be a strong participant in their group's performances.

We are open to modifications of these expectations on a case-by-case basis. Please reach out to let us know how we might better meet your child's needs as they take on growing responsibility in their dance education.
